OVER MILLION TONS OF SUGAR BY 1955 — Frankfurt am Main, Wiadomosci Polskie,
8 Oct 50

The first sugar season of the Six-Year Plan is beginning in Poland. The 1950 season is expected to net 850,000 tons of sugar. In the course of the 6 years, sugar production is expected to increase as follows: 1951, 900,000 tons; 1952, 960,000 tons; 1953, one million tons; 1954, 1,050,000 tons; 1955, 1,100,000 tons.

REORGANIZES MEAT PRODUCTION -- Berlin, Nachrichten fuer Aussenhandel, 23 Sep 50

The reorganization in Poland's meat production is expected to show the following increases, from 1950 to 1955:

	1950 (tons)	1955 (tons)
Beef	353,580	426,000
Veal	62,400	96,000
Pork	734,580	1,166,000

LARGEST MARGARINE FACTORY LOCATED IN GDANSK -- Warsaw, Rzeczpospolita, 4 Jul 50

Although the Amada factory, belonging to the Port Enterprises of the Fats and Oil Industry in Gdansk, was completely destroyed during the war, it has been rebuilt. Production began again in 1947.

Of the four factories of the Port Enterprises of the Fats and Oil Industry in Gdansk, the Amada factory is the largest, and the only one producing margarine. Raw materials for the factory are both imported and supplied by domestic

factories. Copra is received from the Orient, and recently, shipments of hydrogenated fats were received from USSR and soybean oil from China. Highly refined domestic oils such as rape oil and sunflower-seed oil are used to a large degree in the manufacture of margarine. The Amada factory is the largest of its kind in Poland and one of the largest in Europe.

In the entire operation, neither raw materials nor products come in contact with human hands.
